## Education

Course	Institute	Year	Result
High School	ACPS	2020	82.4%
Intermediate School	ACPS	2022	92.0%

## About School life

*Overview of School life*

### • 9<sup>th</sup> to 10<sup>th</sup> Journey

- I changed my School after 8<sup>th</sup> standard, and got admission in a wonderful school named **ACPS**. this school have not only give me education but also give me a reality check of the real compition where we have to prove ourself everyday and have to tell everyone that what you are capable of!
- Between these two years I got a **Real Friend** during our first examination of our School. His name is **Prashant**. I have so much fun memories in my heart with prashant which I can't even express 1% of that, Whenever I face any problem related to anything except study He was there for me(actully He little weak in Study 😊 )

### • 11<sup>th</sup> to 12<sup>th</sup> Journey

- My whole these two years pass during **COVID\_19**. So I don't think there is so much about this time related to School
- But yes One thing that I want to mention about this time of covid id that I study all my Syllabus through Online Classes which was actully less study but more fun!
